Clarification:

ID	Clarification Request	Clarification Response
	Do you require a creative treatment to go with the RFQ?	Yes, the assessment team at DNSW requires a creative treatment and a rationale for your proposed project. We recommend including a couple of in-situ renders. The more you can demonstrate your vision the better!
	Can we provide a quote for the Customs House and a different quote for MCA?	DNSW requires a separate quote for animation services for Customs House and the MCA if you intend to apply for both.
	Why are there 3 places for quotations in the RFQ? [period (1) (2) (3)] is this for different quotes?	RFQ applicants can apply for Customs House and / or MCA. In addition, DNSW requires a rate card.
